2009 Venox 250

With the **Venox 250**, KYMCO has engineered a lightweight motorcycle with a low centre of gravity for a perfectly balanced ride. Chrome accents, sleek lines, aluminum wheels, a slightly stretched fuel tank, and staggered exhaust pipes all add to its uniquely attractive look. The Venox also features a large front disk brake braided stainless steel brake lines and a solid rear wheel in a silver painted finish available in three rich colours.

Additional Features: Aluminum wheels, dual piston front caliper, low center of gravity, adjustable rear shock, fuel tank mounted analogue gauges, chrome accents, staggered "trumpet" exhaust pipes, single round front headlamp, chrome controls and handlebars, classic colours, low seat height, side ignition, folding passenger pegs.
